

MARK JERYL OMANDAM

Carangan, Ozamiz City, Misamis Occidental, 7200 | +63 981 619 0017 | markjerylomandam@gmail.com

PROFESSIONAL SUMMARY

IT graduate from Misamis University with hands-on experience in IT operations, web development, network administration, hardware and software troubleshooting, and IoT system development. Experienced in workstation deployment, system configuration, connectivity troubleshooting, and building full-stack web applications using PHP, JavaScript, CSS, AJAX, and Laravel. Brings adaptable technical and collaborative skills suited to IT support, web development, networking, digital support, and remote/virtual assistance environments.

PROFESSIONAL EXPERIENCE

Concentrix CVG Philippines, Inc. — *IT Intern (On-the-Job Training)* **February 2026 – April 2026**

- Performed hardware replacement and operating system re-imaging.
- Provided technical support and troubleshooting for system-related issues.
- Configured and deployed workstations for users.
- Resolved connectivity and network-related concerns.
- Assisted in maintaining stable daily IT operations.

ACADEMIC EXPERIENCE & PROJECTS

Misamis University — *Technical Skills & Academic Projects*

- IoT & Hardware — Developed an IoT-based hydroponics system for automated lettuce cultivation, featuring sensor-driven pH and EC monitoring, automated nutrient delivery, and algae-control strategies.
- Network Administration — Designed and configured virtual network environments using MikroTik and Cisco, including troubleshooting and scalable network topologies in GNS3.
- Full-Stack Development — Built and deployed full-stack web applications using PHP, JavaScript, CSS, AJAX, and the Laravel framework.

LEADERSHIP & AWARDS

Local Student Council — Member **2024 – 2025**

- Recognized during the Innovation event with awards for Best Innovation, Best in Paper, and Best Presenter.
- Received a Plaque of Appreciation in recognition as one of the hardworking officers.

EDUCATION

Misamis University, Ozamiz City — *Bachelor of Science in Information Technology* **2022 – 2026**

Ozamiz City School of Arts and Trades — *Junior High School; Senior High School* **2016 – 2022**

TECHNICAL SKILLS

Technical Support · Hardware & Software Troubleshooting · LAN/WAN Networking · IP Addressing & Subnetting · MikroTik Configuration · Firewall & Traffic Management · HTML, CSS, JavaScript, PHP, Java · MySQL Database Management · IoT System Development · Team Collaboration
